

# Marshall Fungai

INFORMATION TECHNOLOGY | [www.marshall.digitalartists.biz/](http://www.marshall.digitalartists.biz/)  
<https://github.com/kmarshy/>

## OBJECTIVE

Expand my skills in the industry of information systems so that I can provide services of the highest quality and perpetually contribute back to the same knowledge base.

## WORK PRINCIPLE

When you continuously learn and grow, it leads you to offer people value by default, then success will follow automatically.

## SKILLS

ES5, ES6, JQuery, Angularjs, Angular2/4, SEO, HTML, CSS3, Nodejs, ionic 3 framework, electron framework, php, wordpress dev, python, Regex, OS management, GIT, MySQL, SAP ERP, Server & IT systems management & troubleshooting

## EXPERIENCE

### JUNIOR WEB DEVELOPER • INNOVIA DIGITAL • MAY 2015 – OCTOBER 2015

Make php scripts, debug vanilla javascript and angularjs front-end bugs. Design photoshop banners and visuals for websites using photoshop.

### DATA ENTRY • ASEL GRP OF COMPANIES • 4 MONTH CONTRACT

Worked part-time as a data entry clerk for their micro-database system (custom database for their products).

### WORDPRESS WEB DEVELOPER • ATA BİLİŞİM • NOV 2015 - PRESENT

Full stack developer of wordpress sites from design to deployment. Manage it as CMS to a site or as a headless CMS to multiple apps.
